</html>
```

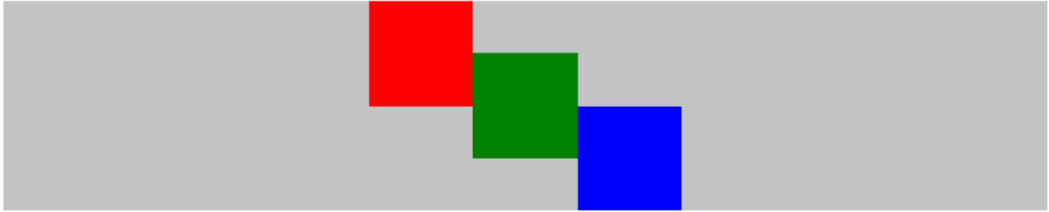

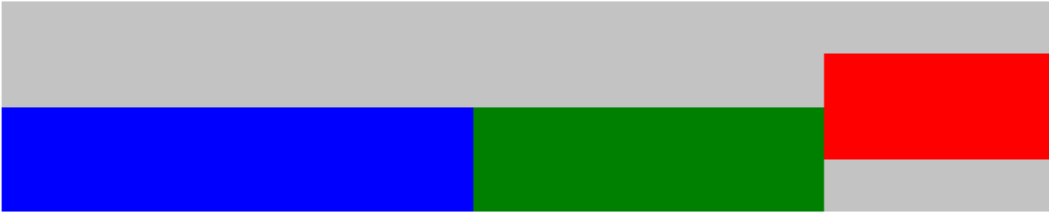

Cuya apariencia es:

Realiza los siguientes diseños utilizando las propiedades de los elementos *flex*. En los casos en los que se pueda hacer de varias maneras, busca la que menos propiedades haya que utilizar.

1	A horizontal layout where a large gray rectangular block occupies the left portion of the container. To its right, three smaller colored squares (blue, green, and red) are stacked horizontally.
2	A horizontal layout where three colored squares (red, green, and blue) are stacked vertically on the left side of the container. The rest of the container is a single large gray rectangular block.
3	A horizontal layout where three colored squares (blue, green, and red) are stacked vertically on the left side of the container. The rest of the container is a single large gray rectangular block.
4	A horizontal layout where a large gray rectangular block occupies the left portion of the container. To its right, three smaller colored squares (red, green, and blue) are stacked horizontally.
5	A horizontal layout where a large gray rectangular block occupies the left portion of the container. In the middle, three smaller colored squares (red, green, and blue) are stacked horizontally. To their right is another large gray rectangular block.
